## Abstract

The accesses to the Gaudi site `www.gaudiste.nl` are analyzed by a Python script. This document shows what the steps are taken in the analysis flow.

### Distribution

This article or presentation is written as part of the Gaudí project. The Gaudí project philosophy is to improve by obtaining frequent feedback. Frequent feedback is pursued by an open creation process. This document is published as intermediate or nearly mature version to get feedback. Further distribution is allowed as long as the document remains complete and unchanged.
